- I OUTLINE OF THE PROCESS OF DRAFTING VARIOUS DRAFTS CONCERNING THE TRIFARTITE PACT OF JAPAN, GERMANY AND ITALY, AND PERTAINING DOCUMENTS (MEMO BY THE CHIEF OF THE TRIATY DEPARTMENT MATSUMOTO)
- 1. On 5 September 1940 a plan as Annex No. 1 was drafted by Vice Foreign Minister Chashi, the Advisors Shiratori and Saito, and presented by Foreign Minister Matsucka to the Four-Minister Conference for consideration.
- 2. Frior to that, Minister Stahmer, who was specially dispatched by German Foreign Minister Ribbentrop, left Berlin on 23 August, and via Moscow arrived in Tokyo on 7 September. On 9 September he, together with Ambassador Ott, visited Minister Matsucka at the latter's private residence for a conference, which renewed on the following day, the 10th. The record taken at that time is attached hereto as Annex No. 2.
- 3. This result was reported by the German side to Foreign Minister Ribbentrop, who sent a counter-proposal (Annex No. 3) by telegram. This was harded at 8:30 p.m. on 14 September by Ambassador Ott and Minister Stahmer to Minister Matsuoka. This draft differed from the original one insofar as it inserted in Paragraph III a phrase "openly or in a concealed form." (We requested this phrase be stricken out), and added the Paragraph V (concerning Soviet Russia). (This draft was made the basic subject of discussion on the Extraordinary Cabinet Meeting of 16 September and on the Imperial Conference of 19 September).
- 4. On the basis of this draft of Foreign Minister Ribbentrop we drafted a pact; besides, we summarized the result of the conversations with Ott and Stahmer into a Secret Frotocol and two notes to be exchanged (one concerns the question of German and Italian collaboration in case of a Japanese-British conflict, and the other concerns the South Sea Islands under the Mandate). These were handed on 19 September by Advisor Saito to the German Ambassador (Annex No. 4).
- 5. These drafts were revised on the 20th into Annex No. 5 after taking German wishes into consideration. (Paragraph VI of the draft of the Protocol was inserted upon German request, and the end of the note concerning the Japanese-British conflict was revised).
- On 21 September the German side presented a draft of a pact as Annex No. 6 in accordance with the instruction from the home Government (Foreign Minister Ribbentrop left Berlin on 13 and conferred with Prime Minister Mussolini and Foreign Minister Ciano on 19th and 20th concerning this matter. It is assumed therefore that this instruction came from Rome). As the explanation for revising the Faragraph III, an excerpt from the instruction as Annex No. 7 was attached. This draft was revised into Annex No. 8 on the conference of Minister Matsuoka (Matsumoto attending), Ott and Stahmer. ((1) The words of "declaration of war" was deleted because of, among others, strong opposition of the Navy, and (2) provisions concerning the Mixed Commissions were broadened so as to enable the establishment of an Economic Commission). In addition, the German side requested to drop the Frotocol and other notes because they were one-sided in the present form, and it was difficult and time-consuming to perfect them in order to get the Italian consent. Thereupon, we proposed to convert the content of the Secret Protocol into a note to be exchanged only between Japan and Germany, to exchange the note concerning the Japanese-British conflict also only between Japan and Germany, and to formulate the note concerning the Mandate so as to confirm an oral statement of the German Ambassador. As a result thereof we made a draft as Annex No. 9 and sent it to the German Embassy.

- During the conference begun at five o'clock of that evening (Minister Matsucka, Chief of Department Matsumoto, Ott and Stahmer) the Pact was decided as Annex No. 10; as to the note concerning the Japanese-British conflict it was decided upon German request to make it a letter and number it as Annex No. 11; concerning the Mandate it was decided as Annex No. 12 (Minister Matsucka left the conference and was substituted by Advisor Saito). As to the draft of the note containing the content of the Secret Frotocol the German side did not agree, and Ambassador Ott himself dictated to the Chief of Department Matsumota a draft of a letter of Ott as Annex No. 13 and requested that it be studied. On the same day Stahmer had told to Advisor Shiratori that the German side wished to sign this Pact in Berlin. Minister Matsuoka therefore touched the question of the place of signing during this conference, and said that if the place of signing should be Berlin, it would be an idea to make the exchange of letters between the Minister himself and Ambassador Ott.
- In the afternoon of 23 September, the Chief of Treaty Department Matsumoto handed upon instruction of the Foreign Minister a document as Annex No. 14 to Ott and Stahmer at the German Embassy, and requested that it be sent to Berlin by telegram. On the following day, the 24th Councillor Boltze of the German Embassy visited Matsumoto and said concerning Annex No. 14 that the following telegraphic instruction was received: As to the item (1), the Gérman Government sincerely hopes to sign in Berlin; as to the item (2), it was being considered by the German and Italian Governments; as to the item (3), it could not be accepted because it would take time to make the letter perfect as its content was one-sided.
- At five o'clock in the evening of 24 September Minister Matsucka (Maksumoto attending) met Ott and Stahmer. First, the Fact was decided as Annex No. 15. Next, the letter concerning the Japanese-British conflict was decided as Annex No. 16, and the letter concerning the Mandate was decided as Annex No. 17, after substituting "in a way" for "adequately" (the German side explained that the compensation was a matter of principle and can in fact be only nominal, and that, for instance, 6 sacks of coffee would be sufficient). As to the letter originating from the draft of a Secret Protocol Minister Matsucka presented a draft as Annex No. 18; the German side thereupon presented a revised draft of Annex No. 13; after combinating the both proposals a document as Annex No. 19 was drafted, which was sent to the German Embassy on the following 25th and made final.
- At eleven o'clock a.m. of 25 September Councillor Boltze of the German Embassy visited Matsumoto to tell that the following telegram was reccived by the Ambassador from the German Foreign Office:
  - (1) The German Government accepts the text of the Fact (in English).
  - (2) The German Government is convinced that the Italian Government also will accept the text. The German Foreign Office requested that the Italian Foreign Office instruct the Italian Ambassador in Tokyo to state formally to Minister Matsuoka the acceptance of the Pact.
  - (3) (a) The German Government agrees to sign the English text as a temperary measure.
    - (b) That fact shall be kept absolutely secret.
    - (c) About two weeks afterwards Japanese, German and the Italian texts will be secretly substituted for the English text and signed.

- (d) The Letter of Credence for Ambassador Kurusu will be deposited with the German Embassy in Tokyo, and that fact will be telegraphed from the Ambassador to the German Foreign Office (concerning this point the Chief of Treaty Department said that, because in case of a treaty as this without ratification clause no formal Letter of Credence would be issued, the Foreign Minister would inform the German Ambassador in Tokyo that the Imperial Sanction was given for Ambassador Kurusu to conclude the Pact. Councillor Boltze answered that that would be sufficient).
- (5) If possible, to sign the Fact on Thursday (Matsumoto said that that was practically impossible). Besides, the

  Ambassador desires that the draft of the Fremier Minister's statement be cabled to Ambassador Kurusu and presented to the German Foreign Minister for consultation, and that the three letters be absolutely not referred to when Minister Matsuoka should see the Italian Ambassador (it was agreed in addition that of the three letters those from the Minister to the Ambassador should be in Japanese with English translation, and those from the Ambassador to the Minister should be in German with English translation).
- 11. The Italian Ambassador in Tokyo, Indelli, visited Minister Matsuoka at 11:30 a.m. of 25 September and stated formally that the Italian Government agreed to this Fact.
- 12. In the afternoon of that day Matsumoto visited Minister Stahmer at the German Embassy and stated that the signing would be possible on 27th as it was decided to present the draft of the Pact to the Privy Council on 26th. After consultation it was agreed temporarily to sign the English text at noon of 27th (Berlin time), and to telegraph this agreement to Berlin.
- 13. According to a telephone call from the German Embassy the signing took place at 1:15 p.m., instead of at noon, Berlin time (at 7:00 p.m. Tokyo time), as it had been agreed, because of a delay of the aeroplane of the Italian Foreign Minister.
- 14. After the signing at 9:30 o'clock of that evening Matsumoto carried out the exchange of the three letters with Ambassador Ott (Stahmer attending) at the German Embassy (Annex No. 20).

In order to realize the strengthening of collaboration, the present opportunity should not be missed, when Germany and Italy are concentrating their whole efforts for the defeat of Britain. Should the negotiations be commenced after the victory of Germany and Italy has become definite, the effect would very much be diminished; moreover, attitude of Germany which has considerable concern about South Seasmight undergo some change.

The negotiations will be conducted with Germany and Italy separately. However, if Germany and Italy wish that negotiations be conducted among the three countries, consent could be given thereto.

2. Torms of Understanding concerning the Mutual Support and
Cooperation in regard to the European War and the China
Incident will be presented together with the Basic Essentials
in proposing the strengthening the collaboration with
Cormany and Italy, and discussions as to their contents will

be conducted in Tokyo; however, the above-mentioned two understandings should be treated as one and indivisible. The principal purpose of the negotiations under Paragraph 2. Appendix 1, which is designed to have Germany and Italy recognize and respect Japan's Sphere of Living in Fast Asia, including the South Seas, is to obtain overall recogniposition of predominance tion of Japan's political leadership in the whole of Rast Asia, including the South Seas. should, however, Germany and Italy be inclined to make any reservations in regard to any designated areas, Japan will conduct negotiations on each particular matter concerning such areas in pursuance of Paragraph (1), (a), and ensuing principles of Appendix 3 (Basic Essentials for the Strengthening of Japan-Germany-Italy Collaboration), and thus secure recognition of Japan's aspirations in these connections.

In the event that Germany and Italy propounds a desire for and the United States
Japanese military cooperation with them against Britain,

Japan is prepared, as a matter of guiding principle, to meet
the desire. It will be explained to Germany and Italy,
however, that, in view of the existing state of affairs,

Japan contemplates taking the courses of action outlined
under (1), (2) and (3) in Paragraph 5, Appendix 4 (Basic

at Tokyo, are about to eventuate in a successful conclusion of the Three Powers Pact, it is Minister Stahmer's and my sincerest desire to tender to Your Excellency the expression of deepest appreciation for the principal part Your Excellency has played throughout in a most generous and accommodating spirit.

We wish to take this occasion to state once more in this letter some of the salient points reiterated in our conversations with Your Excellency which are as follows:

The German Government are convinced that the Contracting Parties are about to enter into a new and decisive phase of world history in which it will be their task to assume the leadership in the establishment of a new order in Greater EastAsia and Europe respectively.

The fact that for a long time to come their interests will coincide and the unrestricted mutual confidence of the Contracting Parties from the solid foundation on which the Pact is built.

The German Government firmly believe that the technical details concerning the execution of the Pact will be settled without difficulties and that it would not be in keeping with the far-reaching importance of the Pact and it would be tractically impossible to anticipate all possible cases which might arise in the course of its application, they can only be dealt with in the spirit of mutual confidence and

of the Pact shall be submitted to the respective Governments for approval
in order to be put in force.

It is needless to say that whether or not a Contracting Party has been attacked within the meaning of article 3. of the Pact shall be determined upon consultation among the three Contracting Parties.

If Japan, contrary to the intentions of the Pact, should be attacked by a Power so far not engaged in the European War or the China Incident, Germany will consider it a matter of course to give Japan full support and assist it with all military and economic means.

With regard to the relations between Japan and Soviet Russia, Germany will do everything within its power to promote a friendly understanding and will at any time offer its food offices to this end.

Germany will use her industrial capacity and other resources technical and material as far as possible in favour of Japan in order both the facilitate the establishment of a new order in Greater East asia and to enable her to be better prepared for any emergency. Germany and Japan will further undertake mutually to aid each other in procuring in every possible way raw materials and minerals including oil which they will have been in need of.

The German Foreign Minister implicitly believes that Italy will of course act in concord with Germany and Japan when and where assistance

PERSONAL LETTER OF THE GERMAN AMBASSADOR TO HIS EXCELLENCY THE IMPERIAL JAPANESE FOREIGN MINISTER.

Excellency:

At the moment when our conversations, begun in the 9th instan at Tokyo, are about to eventuate in a successful conclusion of the Three Powers Pact, it is Minister Stahmer's and my sincerest desire to tender to Your Excellency the expression of deepest appreciation for the principal part Your Excellency has played throughout ina most generous and accommodating spirit.

We wish to take this occasion to state once more in this letter some of the salient points reiterated in our conversations with Your Excellency which are as follows:

The German Government are convinced that the Contracting Parties are about to enter into a new and decisive phase of world history in which it will be their task to assume the leadership in the establishment of a new order in Greater East Asia and Europe respectively.

The fact that for a long time to come their interests will coincide and the unrestricted mutual confidence of the Contracting Parties from the solid foundation on which the Pact is built.

The German Government firmly believe that the technical details concerning the execution of the Pact will be settled without difficulties and that it would not be in keeping with the farreaching importance of the Pact and it would be preactically impossible to anticipate all possible cases which might arise in the course of its application; they can only be dealt with in the spirit of mutual confidence and helpfulness as they arise from time to time.

Conclusions of the Technical Commissions stipulated in Articl 4 of the Pect shall be submitted to the respective Governments for approval in order to be put in force.

It is needless to say that whether or not a Contracting Party has been attacked within the meaning of Article 3 of the Pact shall be determined upon consultation among the three Contracting Parties.

If Japan, contrary to the intention of the Pact, should be at tacked by a Power so far not engaged in the European War on the China Incident, Germany will consider it a matter of course to give Japan full support and assist it with all military and economic means.

With regard to the relations between Japan and Soviet Russia Germany will do everything within its power to promote a friendly understanding and will at any time offer its good offices to this end.

Germany will use her industrial capacity and other resources technical and material, as far as possible, in favour of Japan in order both to facilitate the establishment of a new order in Greater East Asia and to enable her to be better prepared for any

AD Tripartite Alliance of Japan, Germany and Italy (identical with the Exhibit 43, Transcript pages 6391-6393)

Annef 2. Cont., Defense Document 1656-L SOME OF THE SALIENT POINTS IN THE INFORMAL CONFERSATIONS BETWEEN MATSUOKA AND STAHMER, WITH THE GERMAN AMBASSADOR ASSISTING. Germany does not want the present conflict develop into a World War, and wishes to bring it to termination as quickly as possible. She particularly wants the United States to stay out. Germany does not look for Japan's military assistance at this juncture in connection with her war with England. What she wishes of Japan is to have Japan play the role of restraining and preventing the U.S. from entering the war, by all means. Although Germany thinks at present that the U.S. will not enter the war, she cannot take chance. Germany hardly thinks that she and the U.S. will come to blows in the near future, but that the clash and war between Japan and the U.S. cannot eventually be avoided. 5. It is, so Germany believes, to the mutual advantage of both, Japan and Germany (of course Italy to be included) to enter into an understanding or agreement, whereby they will be thoroughly prepared effectively to meet emergency, at any moment. This can only prevent, if anything can prevent, America from entering the present war, or entering into an armed conflict with Japan in the future. A strong and determined attitude, unequivocable and unmistakable, on the part of the three nations, Japan, Germany and Italy, and the knowledge of it by the U.S. and the world at large at this juncture, that alone can only be of a powerful and effective deterrent on the U.S. A weak, lukewarm attitude or declaration at this juncture will only invite derision and danger. Germany hopes Japan will also size up the situation, and will realize the magnitude and the reality of the potential (may be impending, who knows) danger coming from the Western Hemisphere, and will act quickly and decisively to forestall it by reaching an agreement between the three (Japan, Germany and Italy) of such a nature that neither the U.S. nor the rest of the world would be left in doubt, conjecturing. Hardly necessary to say that Germany (and Italy) will do everything in her power to restrain the U.S. on the Atlantic and will at once start supplying Japan with as much of the war equipment (such as aeroplanes, tanks and other war tools with men even, if Japan wishes it) as she can reasonably spare, and will otherwise help her in every possible way. (Matsucka remarked that these things might and in fact will have to be left to a sort of mixed military and naval commission of the Axis, granted that Japan joins the Axis in the sense and in the way Germany wants). Of course, Germany recognizes and respects the political leadership in Greater East Asia. All she wants in these regions is of economic nature, and she is ready to cooperate with Japan to further her aims. Naturally she looks to Japan to do her best to accommodate German enterprises and to enable Germany to obtain in these regions materials she needs and may need. PURL: http://www.legal-tools.org/doc/7eee9e/ FORMULA OF THE GERMAN FOREIGN MUNISTER

- I. Japan recognises and respects the leadership of Germany and Italy in the establishment of a new order in Europe.
- II. Germany and Italy recognise and respect the leadership of Japan in the establishment of a new order on Greater East Asia.
- III. Japan, Germany and Italy agree to cooperate in their efforts on the aforesaid lines. They further undertake to assist one another with all political, economic and military means when one of the three powers concerned will either openly or in concealed form be attacked by a power at present not included in the European war or in the Japanese-Chinese conflict.
- IV. Japan, Germany and Italy agree to cooperate and to coordinate their endeavours with a view to establishing a new world order to meet the changed and changing world conditions, which is alone a just and endurable foundation of peace.
- V. Japan, Germany and Italy agree that the aforesaid terms do not in any way affect the present political status between the three aforementioned powers and Soviet Russia.
- VI. Japan, Germany and Italy will, without delay, conclude a treaty laying down the details of the application of the aforementioned terms.

- 10. Better to reach agreement between Germany, Italy and Japan first and then immediately to approach Soviet Russia. Germany is prepared to act part of an honest broker on the question of rapproachement between Japan and Soviet Russia, and she can see no unsurmountable obstacle on the path, may be settled with much difficulty. Germany-Soviet relations are good, contrary to what the British propaganda tries to represent, and Russia is carrying out to the satisfaction of Germany all her engagements.
- 11. Despite the fact that the Axis (including Japan) must be thoroughly prepared to meet the worst energency, Germany will, on the other hand, make use of every means in her power to prevent the clashing between the U.S. and Japan, and even to improve the relations between the two, if it is humanly possible.
- 12. Germany, in asking to join the Axis in the fullest sense of the world and that quickly, before the war against England closes, is taking a long view of carrying on stupendous struggle against the British Empire, not to say the Anglo-Saxondom including America. The present war may end before long, but this great struggle will go on for tens of years yet, in one form or another. (Matsucka emphasized this phase). Let the three (Germany, Italy and Japan) stand together knitted very closely until the great aim is finally achieved.
- 13. As to when Italy should be asked to join in the present discussion, the Germany Foreign Minister will consider and let the Japanese Foreign Minister know. The Germany Government has not yet conferred with Italy. Neither Stahmer nor anyone on the German side has seen the Soviet official on the matter.
- 14. Stahmer's words may be regarded as coming directly from Ribbentrop.
- 15. The Japanese Foreign Minister also made observation on several points, but they are not noted here.

Excellency:

I have the honour to state to Your Excellency that inasmuch as the German and Italian Governments recognize and respect the leadership of Japan in regard to the establishment of a new order in Greater East Asia, it is considered highly desirably by this Government that all the former German Colonies in the Pacific area should be ceded to Japan, without compensation in the case of the Group of Islands mandated by Japan and with proper compensation in the case of other mandated islands as well as those actually in British possession.

It is understood as a matter of course that Japan shall accord a specially favourable treatment to the activities of Germany and her nationals in these regions as compared to any other nation or their nationals.

THREE POWERS PACT BETWEEN JAPAN, GERMANY AND ITALY

The Governments of Japan, Germany and Italy, considering it as the condition precedent of any lasting peace that all nations of the world be given each its own proper place, have decided to stand by and co-operate with one another in regard to their efforts in Greater East Asia and the regions of Europe respectively wherein it is their pri o purpose to establish and maintain a new order of things cilculated to promote the mutual prosperity and welfare of the peoples concerned. Furthermore it is the desire of the three Governments to extend co-operation to such nations in other scheres of the world as may be inclined to put forth endeavours along lines similar to their own, in order that their ultimate aspirations for world peace may thus be realized. "ccordingly the Governments of Japan, Germany and Italy have a reed as follows.

- I. Japan recognized and respect the leadership of Germany and Italy in the establishment of a new order in Europe.
- II. Germany and Italy recognize and respect the leidership of Japan in the establishment of a new order in Greater East Asia.

Dof. Doc. No. 1656 - 7

TII. Jamin, Germany and Italy agree to co-operate in their efforts on the aforesaid lines. If a power not at present included in the European War or the Chinese-Japanese Conflict commits an act of aggression against one of the three contracting parties, Japan, Germany and Italy undertake to declare war on such power and to assist one another with all political, economic and military means.

IV. With a view to implementing the present met, conversations between the genralatiffs of the Japanese, German and I alian forces will be opened by thechnical commissions which will meet without delay.

y. Jamin, Germany and Italy affirm that the aforesaid terms do not in any way froct the political status which exists at or sent as between each of the three contracting Powers and Poviet Russia.

VI. The present Pact shall come into effect immediately upon signature and shall remain in force for ten years from the date of its coming into force.

At proper time before the expitation of the said term the High contracting Parties shall, at the request of any one of them, enter into n gotiations for its renewal.

In faith whereof, the Undersigned, duly authorized by their respective Governments, have signed this Pact

DEF. DOC. #1656-Q

In our opinion an explicit emphasis of the obligation to declare war would have a specially strong neutralizing effect on America. America would certainly hesitate ten times before entering the war if the pact stated in clear and impressive terms that America would then automatically be at war with three great powers.

In the moment when our conversations concerning the Three Powers
Pact are to be Concluded successfully it is Minister Staner's and my
sincerest desire to express to Your Excellency our heartiest regard
for your leading and generous cooperation in most accommodating spirit
we should like to state once more in this letter the conformity
concerning the salient points which we always have found incur conversations with Your Excellency in regard of the aims and details of
the Pact.

The German Government are convinced that the Contracting Parties are going to enter in now and desire period of World History in which they will be charged with leadership of the establishment and now order in Greater East Asia, and in Europe. The recognition of our interest with are in conformity for the present time and for long future and unlimited mutual confidence of the Contracting Parties are forming the solid bases of the three Powers Pact. The German Government are convinced that the technical details of the Pact will resolved without difficulties on fundamental confidence and that it would be contrary to the far reaching import nee of the Pact to fix formally some single questions which would never thoroughly work out.

In Japan contrary to the aim of the Pact would be involved in a Conflict with a power until now not belligerant, the German Government will be obliged without any doubt to assist Japan to the utnest

content and will offer every possible military and economic support.

Concorning the relations between Japan and Russia, Germany will help to obtain most friendly understanding and offer her good services for that purposes.

I have the honour to present to Your Excellency this principal statement in accordance with the ideas of the German Foreign Minister representative Minister Stamer and according to the repeated instructions of German Government transmitted to myself during the conversation concerning the Three Powers Pact.

I avail myself of this opportunity to ronow to Your Excellency, the highest consideration.

2. Vaiving all formalities in order to expedite the matter, would it not be better to have only one text common to three Contractin, Parties; that is english text on which we have been negotiating? If we insit to have the Pact in three languages it would necessitate as to have German and Italian versions together with expanses text for submission to Privy Council to be examined closely in each of the three languages. This would further postpone the conclusion and publication of the Pact which I have to see. Again, one language text would go far towards to lessen possible discrepancy in interpretation.

Please also get as quickly as possible answer this point.

5. Will you please ask Ribbentrop for the last time to agree to authorise the German Ambassador here to exchange note with Foreign Minister (Matsucka) on the contents of Drait Protocol as drawn up (of course not in the form of the secret Protocol) and try get answer as early as possible?
